### 環境ディプロマティックリーダー育成拠点・国際ワークショップ

#### Aim:

In order to promote and serve the development of environmental diplomacy professionals in regions of Asia and Africa, the Environmental Diplomatic Leader (EDL) Education Program was established in 2009 at the Graduate School of Life and Environmental Sciences, University of Tsukuba, Japan. As one of the main training courses, the EDL Program holds international internship in Asia and Africa every year. This year, the Kenya internship is held between July 8<sup>th</sup> and 21<sup>st</sup>. To make further progress, the international workshop will both review and evaluate our activities at the internship and request suggestions and comments from both Kenyan and Japanese researchers.

#### 目的:

「環境ディプロマティックリーダーの育成拠点」プログラムは、アジア・アフリカ地域における外交的な素養をもつ実践的な環境専門家を育成するために、2009年に筑波大学大学院生命環境科学研究科において設立されました。国際舞台で活躍するための主要なトレーニングコースのひとつとして、毎年海外インターンシップを開催しています。2012年度では、7月8日から21日の間にケニアインターンシップが実施されます。本国際ワークショップの目的は、インターンシップの活動を総括し報告するとともに、ケニア人や日本人研究者による評価・コメントを行ない、今後のさらなる発展を期します。
